Gee wow - let me make sure I get this right - oh yeah - your on fucking CRACK BITCH!
Even Michelle's Lawyer when Michelle told him about the money you think I owe you
pointed out you have nothing!!!! WAIT let me spell it out for you!! N-O-T-H-I-N-G -
The \$4000 gone while we had comingled money - the investment - Go sue the group that
we invested in - Thats what we other partners are doing! - and let me fix your cell phone
problem - you don't do math very well!!!
\$105 for new phone + \$40 from previous bill + \$75 for December = \$220

You still seem to think that I'm paying for the Disconnect fee that you caused - I had no choice but to change phone companies after you proved yourself UnFucking Stable and shut my phone off while I was out of town! Your Problem not mine!! \$150 belongs to you!!!

Let's see about the other problem - \$300 a month/4 phones = \$75 for my phone - I paid for your sisters during the 1 year and that was your job - so lets see - $150 \times 12 = \$1800$ I paid and it should be $75 \times 12 = 900$ - so you owe me back my \$900 plus the previous mentioned \$600 ring and the \$100 Modem which now equals \$1600 - None of that includes the overall Pain and suffering I went through dating your psycho ass and dealing with your mother and family plus the whole your car breaking down thing which you lost \$ on a bad mechanic tranni install! Who knows what that all is worth!!! Let's just stick with my \$1600 for now - Subtract the 60 I gave you and you only owe me \$1540 - not bad - so I get to charge interest - cool but I have a better idea - just go the fuck away and I would call it even - getting rid of you is more than worth a pathetic 1500 + bucks - I would gladly forget the whole thing just go away and i'm good with it!

Okay next as for the exchange I was willing to do it till you changed it like you always do - Give you an inch you want a mile - Greedy ass bitch that you are - Again just want you gone forever and I'll write off your 1500 dollars....

Next - do you ever get tired of stupid mindless insults - the whole alcoholic, drug addict stuff has got to get old - Do you actually think I or anyone else gives a fuck about your ranting and raving lunatic bullshit - You are right about one thing - A Part Time Stripper (Disfunctional Psycho Fucked Up Part Time Stripper) and a Full Time (going no where always ever after college student) If that is what you call successful goals in life than (Sorry have to stop and laugh for a minute) more power to you! Best of Luck - Again Willing to give up the \$1540 buck to just get rid of you!!!

I am so glad that you keep asking about my kids and how they are - just letting you know they are fine - unfortunately they are none of your fucking business since (OH this hurts I know) they don't belong to you and the well being of Michelle and I's children is for Michelle and I - So Mind your own fucking business! Really do you also think that like the drug thing anyone cares about your bullshit - Oh and the whole deformed nut sack thing - Yeah I don't get that since you didn't have a problem with it while we where dating!

Well in closing I go back to the statement I've been making all along - Just go away - It really is pathetic of you and it shows who the real loser is - I don't call you nor want to even talk to you! I don't even mention your name - funny how you seem to be unable to let go and move on and yet you call me a loser!!! GOD GET A CLUE - JUST LEAVE ME ALONE!!!!

you owe me \$4000 from the money i gave michelle to pay UR child support and we BOTH lost money from the investment so you owe me \$1750 from that and the phone bill: \$40 from previous bill, \$150 from December, \$105 from new phone charge, and \$150 disconnection fee. You've only given me \$60 --- so i think I don't owe you anything. Sure you can have \$100 for modem, and the ring was only \$500, but I'm charging interest for the big bucks you owe me, so you still owe me!!!! So yes you are a thief, because i was willing to give back the ring and u are refusing the exchange. At least im not a broke person who is a thief and a liar and an alcoholic and a drug abuser. Ah, im only a stripper and only part time, and actually Im a full time college student getting an education, so why don't you grow a brain and realize that ur the loser. Are u even seeing ur kids lately, or are u too rapped up in selling trailers? So about that repayment plan? And I'm still willing to do the exchange for the ring if you still want to trade the juicer, otherwise, see you in court, u should be getting served soon...deformed nut sack man...

How pathetic - So I'm a theif - oh okay - thanks - and as for my political career don't you worry it is right where I want it to be! You think the whole run for office that you "oh whah destroyed" haha - was for real or a plan to get me something better from the Reep party! you are so Fucking Stupid sometimes!

As for the money - I accepted your offer to exchange the Vitamix for the ring and to give you some cash (I dictate the amount not you - your financial situation and ur boyfriends birthday don't matter to me at all) and you refused and decided to set other parameters which included more money - so like I said Fuck Off and NO - So now lets see where we are - I believe the phone bill was \$40+75+105 which equals - \$220 - I gave you \$40 before and \$ 20 recently which leaves a balance of \$160. - now lets take out the \$600 dollar ring which you told me you would return and the \$100 Dsl Modem and I see if you do the math - I'd like to know when you plan on paying me my \$540 you owe me????

Now since I am not a pathetic broke ass stripper - I am in no hurry and not desperate for the money so take your time and let me know! I would however like a date by which you can pay some of it! And I will gladly accept small partial payments - unlike you I have a soul and understand the plight of broke assed people - I used to be one!!!! Later Thanks - R-Man

so since ur political career right now is nil, how about a repayment plan??? U don't want to be a thief do you? So u still owe me money for the cell phone bill...to start with...so how about it, cause u wouldn't want to be a THIEF!!!
