

Other Abuse

060V 00724

October / November 2005

Rodney emailed my best friend Casey Douglass to tell her that she ought to get me under control and that she ought to like Rodney better because he's going to be around. The email used derogatory language towards me.

Another email was sent around the same time by Rodney to Casey's boyfriend telling him that Casey was cheating on him - this had no factual basis.

January 2006

Rodney and I agreed to properly exchange (personal items that were left over after I moved out). I asked him to come to a public place and told him I would not come alone. These requests were granted by him but not before 30 plus text messages sent to my phone by him with harassing messages contesting my terms.

"I'm not playing your games"

"You'd better show up or else"

I wanted to cancel because his behavior became so verbally / written hostile.

how violent his messages were.
I ended up taking his personal items
and dropping them off on his back
porch before he was off work. It took
him several more weeks to give me
back my items. I was too afraid
to press the issue.

Summer 2005

I witnessed Rodney take his
daughter from ex-wife's moving
(pulling away) vehicle after some
harsh words between them. He then
called the police and told them
she tried to run him over. That
is not what happened. I was
afraid for his ex-wife because
he was accusing her of domestic
violence. Afterwards, he was very
angry and he took it out on me.
I was too scared to call the police
during his violent bouts because
he would accuse me the way
he falsely accused his ex-wife.

Verbal abuse

Summer + fall 2005

After excessive, daily drinking he
would aggressively pursue me for
sex. He would not harm me
physically, but we would fight

Cursing

"Stupid fucking psycho bitch"
"Dysfunctional psycho fucked up
part time Stripper"
"Fucking He"

3/8/06

Fuck off and leave me alone
- via instant message
"you are a totally pathetic and
complete fucking loser"

Myspace Slander

Hey you want to visit her site and
leave her a message - and ~~sally~~ hello
Bitch!!

"you have no ~~idea~~ fucking idea
what I'm capable of! You think the
Myspace stuff was bad - you forget
that I know more people and
am better at this than you

I have pages and pages
of these documented correspondence
Regina Kersh.

Physical Abuse continued

Fall 2005

I was trying to get away from
him and the house we lived in.

between it and our neighbors' rosebushes. I sustained scratches from the bushes and the gravel/rocks at the edge of the drive way.

Alcohol abuse:

He drank at least ^{one drink} every day. Most days he drank multiple beers, or glasses of wine, or shots of vodka or tequila.

Drinking made him ask for sex more often than I thought was necessary, and he would not take no without a fight. I usually gave in to stop the fighting. I did not want this sexual activity that was dry and unemotional. We fought about sex more than anything else.

Subject: Hurt Feelings, etc.

Rodney & Regina,

Rodney: There are always a lot of hurt feelings when a relationship goes sour, that's just a normal part of life. While I can see that you're obviously annoyed (based on your comments below), your responses seem a little overheated. You know that I consider Regina a friend as well, so I don't want you to think that I'm taking sides. As a matter of fact, I've had two conversations with Regina since the two of you separated and she has NEVER mentioned any of the personal information listed below. My point is that, at least in conversations with me, Regina has bad-mouthed you.

Both: Obviously I want to see both of you prosper and do well in life, and I think there is an amicable settlement somewhere in this process. Being completely objective, I truly cannot see any circumstance where Regina owes any money. Using that as a starting point, maybe the two of you can reach some sort of mutual agreement.

Please!

P.S. Really I am getting tired of this - I am getting married and both I and my Girl are really tired of her crap - So seriously If I get one more piece of shit from her - And I'm for real - I will forward all of her communications to my entire Email Blast list which amazingly contains the state wide College Republican contact list - you since I ran Volunteer for Tony it was easy to get & It was very easy to get the emails of all Professors at Sac State and each and every club president - Amazing what you can get online - Not to mention my blasts to all of her friends which is also very easy! Just a little cut & paste! So really I hope you see what has

Threat

been happening and let her know Back the Fuck off or else! Rodney Wrote:

Gee wow - let me make sure I get this right - oh yeah - your on fucking CRACK BITCH!

Even Michelle's Lawyer when Michelle told him about the money you think I owe you pointed out you have nothing!!!! WAIT let me spell it out for you!! N-O-T-H-I-N-G - The \$4000 gone while we had commingled money - the investment - Go sue the group that we invested in - Thats what we other partners are doing - and let me fix your cell phone problem - you don't do math very well!!! \$105 for new phone + \$40 from previous bill + \$75 for December = 150 \$220

we
my money

You still seem to think that I'm paying for the Disconnect fee that you caused - I had no choice but to change phone companies after you proved yourself UnFucking Stable and shut my phone off while I was out of town!! Your Problem not mine!! \$150 belongs to you!!!

he couldn't
bill

Let's see about the other problem - \$300 a month/4 phones = \$75 for my phone - I paid for your sisters during the 1 year and that was your job - so lets see -

no, I worked
- his portion was
\$150 of \$3
based on
minutes

150 x 12 = \$1800 I paid and it should be 75 x 12 = 900 - so you owe me back my \$900 plus the previous mentioned \$600 ring and the \$100 Modem which now equals \$1600 - None of that includes the overall

pain and suffering I went through dating your psycho ass and dealing with your mother and family plus the whole your car breaking down thing which you lost \$ on a bad mechanic tranny install! Who knows what that all is worth!!! Let's just stick with my \$1600 for now - Subtract the 60 I gave you and you only owe me \$1540 - not bad - so I get to charge interest - cool but I have a better idea - just go the fuck away and I would call it even - getting rid of you is more than worth a pathetic 1500 + bucks - I would gladly forget the whole thing just go away and I'm good with it!

cause they
didn't like him?
worked out
friends =
w/ his mom
only \$20

Okay next as for the exchange I was willing to do it till you changed it like you always do - Give you an inch you want a mile - Greedy ass bitch that you are - Again just want you gone forever and I'll write off your 1500 dollars....

Next - do you ever get tired of stupid mindless insults - the whole alcoholic, drug addict stuff has got to get old - Do you actually think I or anyone else gives a fuck about your ranting and raving lunatic bullshit - You are right about one thing - A Part Time Stripper (Dysfunctional Psycho Fucked Up Part Time Stripper) and a Full Time (going no where always ever after college student) If that is what you call successful goals in life than (Sorry have to stop and laugh for a minute) more power to you! Best of Luck - Again Willing to give up the \$1540 buck to just get rid of you!!! I am so glad that you keep asking about my kids and how they are - just letting you know they are fine - unfortunately they are none of your fucking business since (OH this hurts I know) they don't belong to you and the well being of Michelle and I's children is for Michelle and I - So Mind your own fucking business! Really do you also think that like the drug addict thing anyone cares about your bullshit - Oh and the whole deformed nut sack thing - Yeah I

not valid arg

= Michelle is
friend

he's on meth

his friends are not about it

don't get that since you didn't have a problem with it while we where dating! And furthermore - Do you or anyone you know think that's funny!!!????? Really????
Well in closing I go back to the statement I've been making all along - Just go away - It really is pathetic of you and it shows who the real loser is - I don't call you nor want to even talk to you! I don't even mention your name - funny how you seem to be unable to let go and move on and yet you call me a loser!!! GOD GET A CLUE - JUST LEAVE ME ALONE!!!!

you owe me \$4000 from the money I gave Michelle to pay UR child support and we BOTH lost money from the investment so you owe me \$1750 from that and the phone bill: \$40 from previous bill, \$150 from December, \$105 from new phone charge, and \$150 disconnection fee. You've only given me (\$60) --- so I think I don't owe you anything. Sure you can have \$100 for modem, and the ring was only \$500, but I'm charging interest for the big bucks you owe me, so you still owe me!!!! So yes you are a thief, because I was willing to give back the ring and u are refusing the exchange. At least im not a broke person who is a thief and a liar and an alcoholic and a drug abuser. Ah, im only a stripper and only part time, and actually Im a full time college student getting an education, so why don't you grow a brain and realize that ur the loser. Are u even seeing ur kids lately, or are u too rapped up in selling trailers? So about that repayment plan? And I'm still willing to do the exchange for the ring if you still want to trade the juicer, otherwise, see you in court, u should be getting served soon...deformed nut sack man...

→ Actually \$1 I locked it in

→ true

How pathetic - So I'm a thief - oh okay - thanks - and as for my political career don't you worry it is right where I want it to be! You think the whole run for office that you "oh whah destroyed" haha - was for real or a plan to get me something better from the Reep party! you are so Fucking Stupid sometimes!

As for the money - I accepted your offer to exchange the Vitamix for the ring and to give you some cash (I dictate the amount not you - your financial situation and ur boyfriends birthday don't matter to me at all) and you refused and decided to set other parameters which included more money - so like I said Fuck Off and NO - So now lets see where we are - I believe the phone bill was \$40+75+105 which equals - \$220 - I gave you \$40 before and \$20 recently which leaves a balance of \$160. - now lets take out the \$600 dollar ring which you told me you would return and the \$100 Dsl Modem and I see if you do the math - I'd like to know when you plan on paying me my \$540 you owe me???? Now since I am not a pathetic broke ass stripper - I am in no hurry and not desperate for the money so take your time and let me know! I would however like a date by which you can pay some of it! And I will gladly accept small partial payments

→ last week 3/16

→ not true \$200 ring

\$200
I locked it in

- unlike you I have a soul and understand the plight of broke assed people - I used to be one!!!! Later Thanks - R-Man

so since ur political career right now is nil, how about a repayment plan??? U don't want to be a thief do you? So u still owe me money for the cell phone bill...to start with...so how about it, cause u wouldn't want to be a THIEF!!!
