GREG JANDA'S PRIORITIES FOR ROCKLIN

SUPPORTING BUSINESSES IN ROCKLIN

The City must use innovative approaches to attract new businesses and support existing businesses by reducing red tape and obstacles to business success.

RESPONSIBLE SPENDING/NO TAX INCREASES

With families and businesses facing economic struggles in our community, the City must use taxpayers' dollars wisely and not increase taxes. As your City Councilmember, I will balance budgets based on the priorities of Rocklin residents and deliver necessary services within available tax dollars.

LIMIT ON CITY MANAGER'S COMPENSATION

Rocklin should live within its means when it sets a salary for a new City Manager. As a relatively small City, we shouldn't be paying more than similar-sized cities. We need a City Manager who understands that leadership begins with a reasonable salary for a city our size.

PROTECT PUBLIC SAFETY

As your Councilmember, I will remain focused on funding police and fire services – two key responsibilities of local government.
