**FOR ROCKLIN'S FUTURE**

## **GREG JANDA'S PRIORITIES FOR ROCKLIN**

### **ATTRACTING BUSINESSES TO ROCKLIN**

The City must use innovative approaches to attract new businesses to our community, particularly along Highway 65 and I-80, and revitalize our downtown.

### **RESPONSIBLE SPENDING BY CITY GOVERNMENT**

With families and businesses facing economic struggles in our community, the City must use taxpayers' dollars wisely at all times. I will balance budgets based on the priorities of Rocklin residents.

### **LIMIT ON CITY MANAGER'S COMPENSATION**

Rocklin should live within its means when it sets a salary for a new City Manager. As a relatively small City in the region, we shouldn't be paying more than similar sized cities.

### **NO TAX INCREASES**

Very simply, Rocklin taxpayers facing economic hardships today shouldn't be asked to dig into their pockets for more tax money. As your Councilmember, I will work to deliver necessary services within available tax dollars.

### **PROTECT PUBLIC SAFETY**

As your Councilmember, I will remain focused on funding police and fire services – two key responsibilities of local government.
