

SCOTT'S PRIORITIES FOR ROCKLIN

Keep a balanced budget and live within the City's means

Establish effective, long-term, pension reform

Prioritize public safety and maintain streets and parks

Grow jobs, business and our local economy

Dear Neighbor,

During difficult times, Rocklin remains among the best communities to live, work and raise a family. Rocklin is home, where I live and built a 22-year business. It's the City I'm proud of serving.

My focus is Rocklin's economy. Private-sector jobs support families and power our future. They produce revenues that fund police and fire protection and our extraordinary network of parks and open space. Rocklin must continue supporting quality businesses that create jobs.

The most important thing to me is that our residents love Rocklin. Despite tough times, this community has pulled together. That's Rocklin — it's why my wife Tami and I are so happy to live here.

With your support, we can keep Rocklin moving forward.

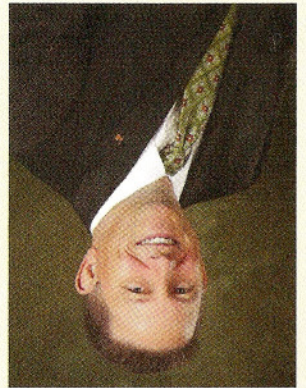

Sincerely,

www.ElectScottYuill.com
